

SWORN DECLARATION OF RONNIE LEE MASSINGILLE

1
2 1. My name is Ronnie Lee Massingille. I am over the age of 18, am of sound
3 mind, and am competent and capable of making this declaration. I am submitting this
4 Declaration under oath, under the penalty of perjury, pursuant 28 U.S.C. § 1746.

5 2. I was born in Phoenix, Arizona and lived here until about the age of 15. At
6 that age I moved to Mississippi with my family. I moved back to Phoenix in 2009.

7 3. In 2009, the wages I received from my employment were not sufficient to
8 cover my housing costs and I became unsheltered. Since 2009, I have been chronically
9 unhoused. While I obtained housing in 2019, I became unhoused again in 2020.

10 4. I am currently unsheltered and living in Phoenix. I am currently experiencing
11 complications from a medical issue which make it difficult for me to obtain steady
12 employment.

13 5. I often sleep at Sereno park, 19th Ave & Dunlap (and the nearby canal),
14 Eastlake Park, and 20th Ave & Indian School. I often sleep in my car or set up a tent at
15 these locations.

16 6. I have also lived in the area known as “the Zone.”

17 7. While sleeping and encamped, I have had experiences with the police at
18 almost of the locations I normally sleep.

19 8. The primary reason for moving locations is harassment by the City of Phoenix
20 Police Department (“PPD”).

21 9. My main concern about interactions with PPD is going to jail, being
22 criminally cited, being fictitiously charged, and losing my property.

23 10. In December 2020, the police conducted a raid while I was sleeping at Sereno
24 park. There were other unsheltered individuals encamped at Sereno Park at this time. The
25 police arrived with vans at approximately 1:00 AM in the morning. They began arresting
26 people. When the raid started, I immediately gathered up my belongings and left. The items

1 left behind by individuals who were arrested were later destroyed by city workers.

2 11. In the past year, I have observed at least four raids where PPD and the City
3 show up to encampments. During these raids I have seen unsheltered individuals arrested.
4 On some occasions, I have also seen city workers throw the belongings of unsheltered
5 individuals away into a white truck.

6 12. The last raid I observed was on December 7, 2022. At around 10:00 AM I
7 saw unsheltered individuals being arrested. A white truck was present. The unsheltered
8 individuals' belongings were taken. I took the picture below of the raid.

21 13. My greatest fear being unsheltered is the Phoenix Police Department.

22 14. While I have obtained shelter before at Central Arizona Shelter Services,
23 there are not enough shelter beds on any given day. In my opinion, CASS is also unsanitary.
24 There are not enough towels, and the space is not clean. People often sleep on the floor
25 because of how overcrowded the facility is.

Ronnie Lee massingille (Dec 8, 2022 10:52 MST)
